Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Sunday 14 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
South, east mainly dry on Sunday, rain in the northwest.

Today:
Mainly cloudy with the best of the brightness around the Moray Firth and eastern Borders. Patchy rain and drizzle around western coast, the rain turning heavier across the northwest through the afternoon.

Tonight:
A dry but cloudy start in the east, but outbreaks of rain and drizzle in the west spreads east to affect all areas overnight. Rain heaviest in the northwest.

Monday:
Low cloud and rain in the east clearing with sunny spells and dry conditions in the west spreading to most parts. Rain and low cloud slow to clear the southeast.

Outlook for Tuesday to Thursday:
Rain, heavy in the west for a time Tuesday, then showers in the north later Tuesday and Wednesday. Milder with more persistent rain in west Wednesday and Thursday. Breezy.
